Re: Encroachment petition for sport house roof overhang for the Ralph Wilson Memorial Park.  
MitiSafe #0052262  
Encroachment petition #MAP-22-81  
ROW permit # ENG-22-1383

As shown on the attached sketch the roof of the open air sport house will hang over the right of way line. This is designed to present a point of entry and a welcoming, visually appealing presence for the park itself. This park is currently undergoing a massive construction project, bringing a shared area to what is otherwise a vacant plot of riverfront land. This project is being undertaken by the Detroit Riverfront Conservancy. Site address is 1801 W Jefferson.

Contact Chris Stilwell with any questions on this project. 313-213-9086

Applicant –
