RE: Letter of Intent Regarding Encroachment at 19011 Livernois

To Whom It May Concern:

Per the attached permitted drawings, we seek to renew the encroachment for the canopy that currently overhangs 19011 Livernois, Detroit MI 48221. This canopy has been in place since this property was originally built many decades ago and we have been given a permit (BLD-2020-05379) to replace the façade on this canopy, which has already taken place.

Please feel free to contact me if there are any questions.
