City Council Office 2
2 Woodward Avenue, Suite 1340
Detroit, Michigan 48226

Dear Detroit City Council Members,

My son, Bevan Morrison-Rodgers, the owner of 1976 Lawrence Street, in the city of Detroit, and I, also a resident of 1976 Lawrence, are petitioning the City of Detroit Council to request an easement of the residential alleyway between the streets of Lawrence (northside of the street) and Burlingame (southside of the street). We, as well as my neighbors on Lawrence, would like to take an easement of the alleyway. Bevan and I intend on extending a fence beyond the garage at the rear of our property to midway the alleyway and enclosing the area. The fence would have a gate to allow additional access to utilities if necessary.

I have advised my neighbors on the northside of Lawrence of my intent. They are in agreement and have signed a petition. Currently, most of Burlingame is a vacant lot. I spoke with the owner of the majority of the property who also resides on Lawrence (Cevone Smith) and he is also in agreement with my plans and has signed the petition for all the properties he owns on Lawrence and Burlingame Streets.

Bevan and I respectfully submit this application and petition for your review and consideration.

Thank you,

Ms. Beverly Rodgers
