**Dear City of Detroit:**

That this letter finds you well!

First and foremost thank you to all our elected officials and city workers of Detroit. Indeed, a city that I was born and raised in and happy to return to after 13 years of living in Italy!

We are requesting the renewal of keeping Burt Road temporarily closed. The students of our school, as well as Little Scholars Daycare, frequently cross between our two buildings. Not too mention the Youth of Detroit's Northwest Youth Coalition, during our summer programs. For the sake of their safety and others, we are asking for the temporary closure to remain in place. We will continue to allow access for any and every utility and emergency vehicle entering and exiting Grand River or Six Mile. We will also keep the entrances and exits of our parking lot open so that families have an easier route in picking up their children.

Sincerely,

**Fr. John M. McKenzie: President**  
**Christ the King Catholic School**
