Faris and Shireen Orah  
Property Owners of Prayers LLC  
12801 Eight Mile Rd, Detroit, MI 48235

To whom it may concern,

I am proposing a street/alley vacation of the alley behind my property. The alley has become a garbage collection site. The public's only use for it has been to dump unwanted waste. I have taken it upon myself to clean out the trash and maintain the alley as best I can. Blocking off the alley on both ends will help limit the dumping of unwanted waste and help us to take one step further in maintaining cleanliness of the city and bettering the community. I believe we can utilize the space for a better purpose.

I have no intention of removing utility infrastructure nor do I want to limit accessibility of utility easement. I simply want to block off unnecessary access to the public as the space is not needed by the community nor is it benefiting the community in any way.

In addition to this letter, I have obtained and submitted letters of agreement and consent from the following properties:

20525 Appoline St, Detroit, MI 48235  
20526 Steel St, Detroit, MI 48235  
12845 W Eight Mile Rd, Detroit, MI 48235

The letter of consent for the property of 12845 W Eight Mile Rd, Detroit, MI 48235 is from 2018. I have attempted to obtain a more recent letter, but I have not been able to contact the owner as the property appears to be vacant.

If there is any additional information needed to grant this request, I will provide it. I appreciate the city's time and consideration.

Sincerely,

Faris Orah
