Petition No. x2024-118 – The Department of Public Works request for the Vacation, with conversion to utility easement of the southerly portion of West Grand Blvd., varied width, bounded by West Jefferson Avenue, 50 ft. wide, and the Detroit River.

This request comes as part of a project to release land to the General Services Department for the park.

The petition was referred to the City Engineering Division – DPW for investigation (utility review) and report. This is our report.

The request was approved by the Solid Waste Division – DPW, and Traffic Engineering Division – DPW, and City Engineering - DPW. Detroit Water and Sewerage Department (DWSD) has no objection provided certain provisions are met. The DWSD provisions are a part of the attached resolution. All other involved City Departments, and privately owned utility companies have reported no objections. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,
