Detroit Zoning Appeals Department
4300 Michigan Ave, Detroit, MI 48210
Detroit, MI 48210

Dear Members of the Detroit Zoning Appeals Department,

Subject: Allowing The Use of Lovett Street Dead End Right of Way

I hope this letter finds you well. I am writing on behalf of UAW Local 22 to formally request the allowing of the use of the Lovett Street dead end right of way, and to share the right of way to the commercial use of Motor City FA Logistics. This letter states there will not be a contractual ownership of this area. This is to only allow the use of this area.

UAW Local 22 has reached an internal agreement with Motor City FA Logistics, wherein we have agreed to allow the use of the Lovett Street dead end. This agreement allows Motor City FA Logistics to utilize the area for their commercial operations. We believe that by allowing the use/shared area, Motor City FA Logistics will significantly enhance their logistics capabilities and contribute positively to the local economy.

The use of this dead end by Motor City FA Logistics is critical for their logistics activities, which include the management of pallets and coordination of electric micro mobility scooter logistics in the district. Their use of this area will help streamline their operations, reduce congestion, and improve overall safety and efficiency.

We respectfully request that the Detroit Zoning Appeals Department approve this letter to allow them the use of this area, acknowledging the agreement between UAW Local 22 and Motor City FA Logistics. We are confident that Motor City FA Logistics will use this right of way in a manner that aligns with all city regulations and community standards.

Thank you for your attention to this matter. We look forward to your favorable response and are ready to provide any additional information or discuss this request further if needed. Please feel free to contact me directly at 313.897.8850 or uawguy45@yahoo.com

Sincerely,

Larry M. Davis President
Local 22, UAW
