The petition was referred to the City Engineering Division – DPW for investigation (utility clearance) and report. This is our report.

The purpose of this request is to create a record describing the dedication of land and vacate surplus right-of-way that is surrounded by E. Vernor Highway and bounded by Crane Street, Lorman Ave., and Holcomb Street.

Detroit Water and Sewerage Department (DWSD) has no objection provided certain provisions are met. The DWSD provisions are a part of the attached resolution.

All other involved City Departments, and privately owned utility companies have reported no objections. Provisions protecting utility installations are part of the attached resolution.

All other city departments and utilities have reported no objections to the proposed right-of-way dedication.
