

Petition for Conversion to Easement without Vacation of Alleyway

Date: July 18th2024

To: City of Detroit: Right of Way Permits and Standards

I Marc Davis an agent of Dora Investment Holdings Inc. formally submits a request for conversion to easement without vacation for the alleyway adjacent to 8612 Birwood St. Detroit Michigan 48204. The alleyway runs parallel to the above property line and is often used as a dumping ground with overgrown grass and weeds, making the area unsightly and unkept. We are seeking the cities approval that this right of way becomes all encompassed into the private property of 8612 Birwood St.

We understand and assume full responsibility of the conversion to easement of the alleyway in question. We are also fully aware that the property owner is not allowed to build over the former R.O.W. and must allow access to all utilities associated with this ROW request.

I have received a signed petition form from Mr. Leon Petty, address 10331 Joy RD. Please note that both parcel number 18005127 and 18005128 is identified as City of Detroit property.

Please accept this cover letter request for your reference and review.

Thank you

Dora Investment Holdings Inc
