Honorable City Council:

**RE: Petition No. x2025-045 – The Coleman A. Young Airport request for a vacation, with reserve of a utility easement and the outright vacation for the portion of Conner St., bounded by Charlemagne Ave. and Minden St.**

Petition No. x2025-045 – The Coleman A. Young Airport request for a vacation, with reserve of a utility easement and the outright vacation for the portion of Conner St., 200 ft. wide, bounded by Charlemagne Ave., 60 ft. wide and Minden St., 60 ft. wide.

This petition comes as part of the Coleman A. Young Airport to submit a petition for vacation with utility easement to adjust the right-of-way limits of Conner St. to match the new property boundary. Additionally, this expansion of property boundary limits includes two sites of proposed development. The building sites within these developments request a petition for outright vacation of utilities within the building footprints.

The petition was referred to the City Engineering Division – DPW for investigation (utility review) and report. This is our report.

The request was approved by the Solid Waste Division – DPW, and Traffic Engineering Division – DPW, and City Engineering - DPW. Detroit Water and Sewerage Department (DWSD) has no objection provided certain provisions are met. The DWSD provisions are a part of the attached resolution. All other involved City Departments, and privately owned utility companies have reported no objections. Provisions protecting utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Richard Doherty, P.E., City Engineer  
City Engineering Division – DPW

Cc: Ron Brundidge, Director, DPW  
Mayor's Office – City Council Liaison
