Honorable City Council:

RE: Petition No. x2025-176 – General Services Department, request for encroachment within the westerly part of Garland St., between Goethe St., and Charlevoix St. adjacent to the parcel commonly known as 2921 Garland St. for the installation of a below-grade concrete slab, an above-grade monument sign, and a below-grade monolithic curb.

Petition No. x2025-176 – General Services Department, request for encroachment within the westerly part of Garland St., 70 ft., between Goethe St., 50 ft. wide, and Charlevoix St., 50 ft. wide adjacent to the parcel commonly known as 2921 Garland St. for the installation of a below-grade concrete slab, an above-grade monument sign, and a below-grade monolithic curb.

This comes as part for approval of a park sign and curb located in the corner of Charlevoix St. and Garland St. on the east side of Detroit. This work is associated with the adjacent Dr. Ossian Sweet House and Dr. Ossian Sweet Memorial Plaza; the construction is led by the General Services Department Parks Division.

The petition was referred to the City Engineering Division – DPW for investigation and report. This is our report.

The request was approved by the Solid Waste Division – DPW, and City Engineering Division – DPW. Traffic Engineering Division

Detroit Water and Sewerage Department (DWSD) reports being involved, but they have no objection provided the DWSD encroachment provisions are followed. The DWSD provisions have been made a part of the resolution.

All other involved City Departments, including the Public Lighting Authority and Public Lighting Department; also privately owned utility companies have reported no objections to the encroachment. Provisions protecting all utility installations are part of the attached resolution.

I am recommending adoption of the attached resolution.

Respectfully submitted,

Richard Doherty, P.E., City Engineer

Mayor's Office – City Council Liaison
