SUBJECT: Proposed Alley Vacation

Dear City of Detroit:

On behalf of Mr. Edmund and Elizabeth Fish, the owners of 603 E. Milwaukee Detroit, Mi 48202, I respectfully request the vacation of approximately 151.3 ft. of an alley segment that runs east-west on the 600-block of E. Milwaukee, between St Antoine and Oakland Streets (see attached site plan). Mr. and Mrs. Fish own the parcels immediately south of the alley (Parcels 03-001776 and 03-001777). At present, the alley segment is not being used to access our parking lot.

The purpose of the vacation is to continue the vacating of the entire alley. The remaining portion of the alley has been vacated previously under a separate petition. The plan is to use the vacated alley to provide access to our parking lot. One other property owner abuts the subject alley segment. This lot is parcel 03-003271, 6540 St. Antoine, Method MJ, LLC. They have been informed of our intention and building plans and agree with this petition. (see attached form) By observing daily traffic on the alley we believe that its closure will not affect abutting properties as these structures are mainly accessed via Hastings Street. Likewise, vacating the alley is not anticipated to be detrimental to the driving public since the alley will not block access by through traffic.

Attached for your review are: (a) vicinity map; (b) site plan; (c) recordable plat of the subject alley; and (d) certified mailing list.

If you have questions regarding this petition, please give us a call at this number: (313) 675-6550
Thank you.

We, the undersigned individuals owning property adjacent to the proposed right-of-way to be vacated have no objections to the request of the petitioner. This petition requires consent by 2/3 of the adjacent owners in residential areas. Commercial areas require 100% of adjacent owners to consent. Properties owned by a business or other entity must be signed by an authorized agent in order to be counted in this petition.

By signing this petition the property owner is confirming awareness of the following changes to their property:

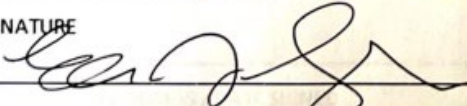

- (1) Vacating the proposed street or alley will result in the property owner being allocated ownership of 1/2 of the street or alley (conditional to the design of the subdivision) and will cause the property assessment to be adjusted to include the increase in square footage.
- (2) Drainage fees to the property will be adjusted based on any added impervious surfaces added to the property. Please contact the Department of Water and Sewage for additional questions regarding rates.
- (3) Garages orientated toward the alley may no longer be accessible by the alley. Upon approval of this petition the alley will no longer be considered public. The property owner waves their right to access their property using the alley.

Commercial properties are subject to the conditions of their land use grant. Which may require permission from the Buildings and Safety Engineering and Environment Department or the Board of Zoning Appeals prior to changing the limits of their property.
