Re: Maintain Existing Gate at Glendale Street & Auburn Street

Dear Georgine,

The gate in question has been in continuous use since 2009, as confirmed by historical aerial imagery available through Google Earth. For more than fifteen years, the gate has existed without issue and has become an established feature of the area. During this time, it has served an important purpose in controlling access, improving safety, and discouraging unauthorized use of the roadway.

Thank you for your time and consideration of this request.

Sincerely,

Kevin McDonald on behalf of Daniel DiLegge
