Re: Letter of Intent to Vacate Public Alley Between Property 30 E Philadelphia and 50 E Philadelphia

To Whom It May Concern,

I am writing to formally submit this Letter of Intent requesting the vacation of the public alley located between 30 E Philadelphia and 50 E Philadelphia.

The alley in question has been inactive and unused since at least 2018, with no vehicle or pedestrian traffic and no functional public purpose being served. It has remained effectively dead space for several years.

Property 30 E Philadelphia has no practical alternative location for the installation of required utility equipment, specifically the gas meter and air conditioning condenser units, other than along the alley-facing side of the building. Vacating this alley would allow for proper placement of these essential mechanical components while improving overall site safety, security, and maintenance.

The proposed vacation will not negatively impact access to neighboring properties, as there has been no active use of this alley for an extended period. Instead, it will allow for better property management, enhanced appearance, and responsible maintenance consistent with the surrounding area.

We respectfully request that the City of Detroit review this matter and advise on the next steps in the alley vacation process.

Thank you for your time and consideration.

Sincerely,

Fahad Sultan (Owner of 30 and 50 E Philadelphia) Company Name: Jubway, Inc.
