Honorable Detroit City Council
C/o Detroit City Clerk
200 Coleman A. Young Municipal Center
2 Woodward Avenue
Detroit, Michigan 48226

RE: Giffels Webster - Request for an encroachment into the right-of-way of Columbia St (60 ft. wide) between 2nd Ave and Cass Ave.

Giffels Webster, 28 W. Adams, Suite 1200, Detroit, Michigan 48226 on behalf of Olympia Development of Michigan d/b/a 2205 Cass Avenue Owner, LLC respectfully requests the following encroachments into the City of Detroit public right-of-way.

- Encroachments include:
 - Below grade encroachments:
 - The encroachment is for underdrain to support the proposed street trees. The encroachment begins 16.3 ft west of the property line at the southwest corner of the Columbia Ave and Cass Ave intersection and extends to the west 295.5 ft. The encroachment begins 14.8' north of the southern Columbia property line and spans 1.0 ft. The encroachment begins 2.75 feet below grade and extends to 1.0 ft below grade.
 - At grade encroachments:
 - The encroachment is for 9 proposed tree grates. The encroachment begins 10.3 ft north of the southern property line of Columbia Ave and extends 5.0 ft. The encroachment begins 18.3 ft west of at the southwest corner of the Columbia Ave and Cass Ave intersection and extends 10.0 ft. The tree grates are irregularly spaced along the southern property line of Columbia Ave, more details can be found in attached Exhibit A. The encroachment begins 14.8' north of the southern Columbia property line and spans 1.0 ft. The encroachment begins at grade and extends to 3.0 ft below grade.
 - The encroachment is for exposed aggregate pavement at the building man entrance. The encroachment begins 57.7 ft west of the property line at the southwest corner of the Columbia Ave and Cass Ave intersection and extends 34.0 ft west. The encroachment begins at the southern Columbia Ave property line and extends 14.8 ft from the right of way line. The encroachment begins at grade and extends to 0.5 ft below grade.

Limits of the requested encroachments can be found in the attachment enclosed. Additional documentation to provide further details about the encroachment for the tree grates, exposed aggregate pavement, and under drain are attached.

Giffels Webster has been asked to facilitate the requested encroachments. Please contact myself at rjones@giffelswebster.com or at (313) 962-4442 with any comments or concerns.

Respectfully,
