Re PETITION – Randolph Plaza Encroachment of Right of Way

Hello,

This is a petition for your approval to encroach into the Public Right of Way in Greektown with electrical items to power future festoon lighting and event power for the Randolph Plaza. The Randolph Plaza project provides an accessible plaza for pedestrians to enjoy the beautiful City of Detroit through enhanced seating, enhanced lighting, outdoor dining, and events. The Greektown Neighborhood Partnership (GNP) has continuously coordinated with the City on the project, and it is understood by the GNP that we will maintain these electrical items within the right of way until the Right of Way is vacated and the property is transferred to the City of Detroit's General Services Department (GSD).

The following items are being proposed to encroach into the City Right of Way:

- Event Power (ES100 Plan Sheet)
 - Electrical enclosure with meter, handholes, ground boxes, conduit, and wire.

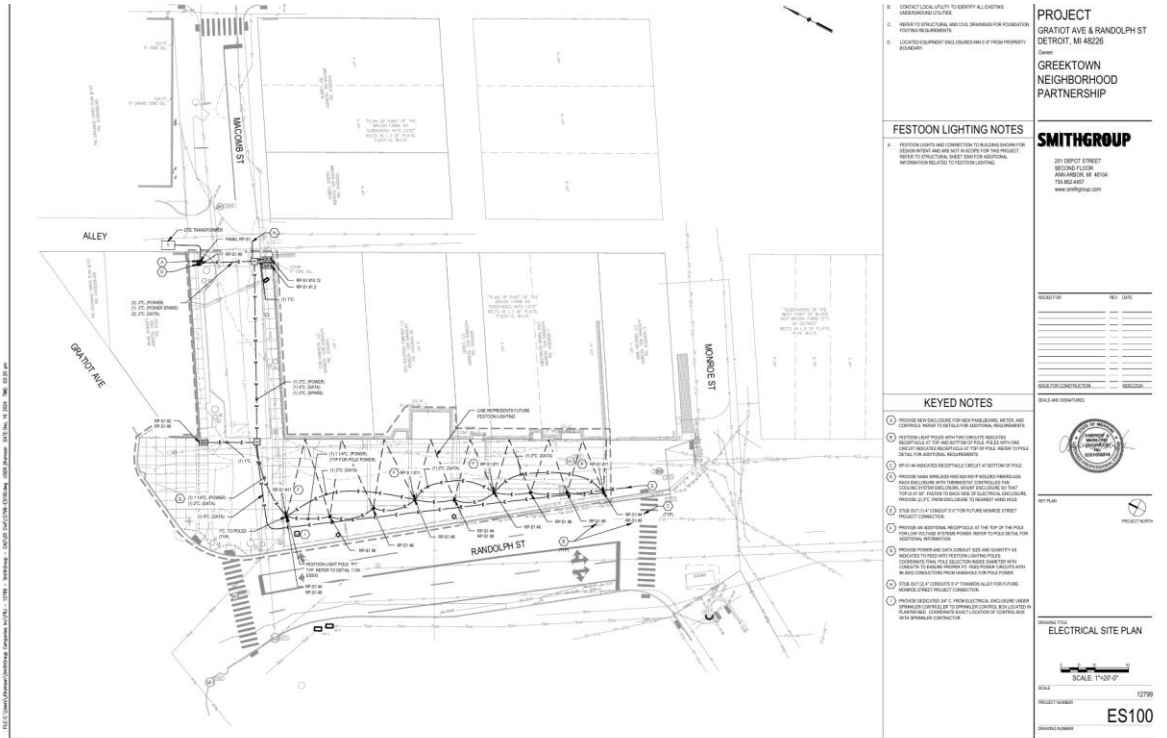

Regards,

Athina Papas
Board Chair and President
Greektown Neighborhood Partnership
