Respectfully,

P. STENIUS,

CHAS. WRIGHT,

JOHN CHRIS. JACOB.

Accepted. The following is the ordinance:

AN ORDINANCE to protect the Public Lighting System.

It is hereby ordained by the people of the City of Detroit:

Section 1. That no person shall cut, break, injure, deface or destroy any building, engine, boiler, dynamo or

other machinery or appliances, poles, lamp posts, towers, wires or conduits erected or constructed for the public lighting system of the City of Detroit.

Sec. 2. No person shall open or tamper with any manhole or handholes or any vault or junction box connected with the conduits of the public lighting system, nor shall any person, association, corporation or company attempt to place or place any wires in said conduits, or upon the poles of said system without permission in writing from the Public Lighting Commission.

Sec. 3. No person, association, corporation or company shall post, paint, impress or in any way affix to any pole connected with the public lighting system of said city, or any box, lamp-post, tower, wire or other appliance connected therewith, any placard, sign, notice or announcement of any kind, or cause or allow any kite or other obstruction to become entangled with the wires or apparatus of said system.

Sec. 4. Any violation of any provision of this ordinance shall be punished by a fine not exceeding one hundred dollars and costs; and in the imposition of any fine the court may make a further sentence that the offender may be imprisoned in the Detroit House of Correction until the payment thereof, for any period not exceeding six months.

Sec. 5. This ordinance shall take immediate effect.

Read twice by title, ordered printed and laid on the table.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Ordinances to whom was referred the communication from the Park and Boulevard Commission asking that the fire limits ordinance be so amended as to allow the commissioners to extend the public bath house, respectfully report that we have carefully examined the matter and recommend that no amendment to the ordinance be made. Our reasons for reaching this conclusion are that there are no private interests on Belle Isle Park that would be affected by the extension of the bath house on the island; that the city would not be apt to entertain complaint against itself for any supposed violation of the ordinance; further because we believe that the fire limits ordinance should only apply constructively to Belle Isle Park and that the erection of buildings or other structures on the park is a matter that should be left to the discretion of the commissioners. It is our opinion that the extension of the bath house, as far as fire limits are concerned, might be proceeded with without any express sanction of the Common Council, at all events without tinkering the existing ordinance expressly for this purpose.

Respectfully submitted,

P. STENIUS,

CHAS. WRIGHT,

JOHN CHR. JACOB.

Accepted and adopted.

Ald. Wuellner was excused.
