#### REPORTS OF THE COMMITTEE OF THE WHOLE

##### WEDNESDAY, APRIL 23

Chairman Broderick submitted the following reports of Committee of the Whole for above date, and recommended their adoption:

##### Building Permits

To the Honorable the Common Council:

Gentlemen—To your Committee of the Whole was referred the petition of C. J. Schmidt (1730), to maintain building, as erected, at the rear of real estate office at 7653 Michigan avenue. Your committee is advised by the Department of Buildings and Safety Engineering that this matter was taken before the Recorder's Court with previous owner, and the walls then standing were ordered taken down, which was done, the present owner again erecting them without a permit. We therefore recommend that petition be denied.

Respectfully submitted,  
 FRANK B. BRODERICK,  
 Chairman.

Accepted and adopted.

##### Encroachments

To the Honorable the Common Council:

Gentlemen—To your Committee of the Whole was referred the petition

of K. MsNern, et al (1636), requesting that all obstructions in alley bounded by Hazel, Harrison, Linden and Twelfth be removed in order that alley may be paved to full width. Your committee is advised by the Department of Public Works that there are several buildings on this alley which encroach from 3 to 6 inches over the line which cannot be removed, and which that department recommends be allowed to remain, all other encroachments such as sheds, fences, etc., to be removed. After consideration of the matter, your committee concurs in the recommendation of the Department of Public Works, and recommends that petition be denied.

Respectfully submitted,  
 FRANK B. BRODERICK,
