6. Allow Others to Track Application

- After the application is complete, add other team members responsible for this application:

The screenshot shows the City of OpenGov interface for a Building Permit B-65. On the left, a sidebar lists 'Your Submission', 'Attachments', and 'Guests (0)'. The 'Guests (0)' link is circled in red, with a red arrow pointing to the 'Guest's Email' input field in the main content area. The main content area has a header 'Guests' and a description: 'Other users that have the ability to add attachments, request inspections, and pay fees on this record.' Below this is a form with a text input field labeled 'Enter guest's email here...' and a blue 'Grant Access' button. At the bottom, it states 'No guests with access to this record yet'. The top navigation bar includes 'City of OpenGov', 'My Account', 'Search', and an 'Open' button.
